

**SILLA** was founded in **1946**, after WWII, initially manufacturing steel beds and nets for beds, something that was in great demand after the war ended. With only few workers and a small operation, **SILLA** managed to supply on all Italian territory within a few years of its conception. In 1950 Silla shifted focus to road and construction machinery. Today after over 65 years of activity, **SILLA** is a leading manufacturer of Concrete Machinery in Europe, Africa, Middle East, Central and South America exporting more than 80% of total production. The secret of this important presence Abroad is: quality, experience and durability. Silla's product can be divided into the following categories:

Machinery to produce concrete:

**Truck mixers, Reversing drum mixers and Tilting drum mixers**

Machinery to transport:

**Dumpers, Dumpers with shovel, Dumper Sprayers**

Machinery to work iron bars:

**Cutters, Benders and Combination Machines**

With large production of different kind of machinery Silla are able to satisfy all the needs of any modern contractor.

Silla has been present in the Region for over 30 years, partnering with Construction Machinery Center (CMC) in 1983. CMC is the Authorised Dealer in the U.A.E., and with an experienced Aftersales support team, has helped to "cement" Silla's reputation in the region.

**CMC** was Established in **1973** and today is an ISO certified company occupying a leading position in the U.A.E. **CMC** supplies and services equipment to a diverse range of industries and commercial undertakings covering the construction civil engineering, industrial manufacturing, oil & gas, landscaping, mining and warehousing sectors.

In addition to **SILLA**, CMC is the Authorised Dealer in U.A.E. for world class machine manufacturers such as Schwing, Stetter, Wacker-Neuson, Terex, Pramac, Hangcha, Turbosol and Komptech. CMC's unique offering is providing a wide range of only the finest quality import machines all under one roof.

Operating through three main branches across U.A.E. (Dubai, Abu Dhabi and Al Ain) the company supplies premium machinery solutions with excellent after market and warranty support.
