

## CT24

Gasoline Walk-behind Trowels

### The specialist for edging: CT 24

The gasoline-powered trowel CT 24 is perfect for finishing concrete along edge sections, around pillars and for small surfaces. Wacker Neuson's smallest trowel convinces with its ergonomic design: The folding center pole makes transporting easy and the guide handle reduces vibrations, thus allowing comfortable working.

- Perfect results in all edging areas
- Also useful for small areas
- Low vibrations thanks to the Low Vib handle

Available gasoline or electrically powered

The gasoline engine:  
1-cylinder four-cycle with power.  
The 1-cylinder Honda gasoline engine with its powerful drive achieves excellent results and lends itself to work in open areas.

The electric motor:  
Quiet and emission-free.  
Since it is emission-free and low noise, the electric version is particularly suitable for operation in enclosed spaces.

## Technical specifications

L x W x H	1,546 x 610 x 1,041 mm
Weight	73 kg
Troweling diameter	610 mm
Pitch range	0-15 °
RPM - area	90 rpm
Quantity of blades	4
Engine / Motor	Air-cooled single-cylinder four-cycle gasoline engine
Engine / Motor manufacturer	Honda
Displacement	119 cm <sup>3</sup>
Engine performance	2.9 (4) kW (hp)
at rpm	3,600 rpm
Fuel consumption	1.3 l/h
Tank capacity	2.5 l
